NET RISK WORK – PROJECT MEETING
Freiburg, 10th May 2017

net risk work

The Sendai Framework for Disaster Risk Reduction

Funded by
European Union
Humanitarian Aid
and Civil Protection

What it is?

The **Sendai Framework for Disaster Risk Reduction** (2015-2030) is an international document which was adopted by UN member states between 14th and 18th of March 2015 at the World Conference on Disaster Risk Reduction held in Sendai, Japan and endorsed by the UN General Assembly in June 2015.

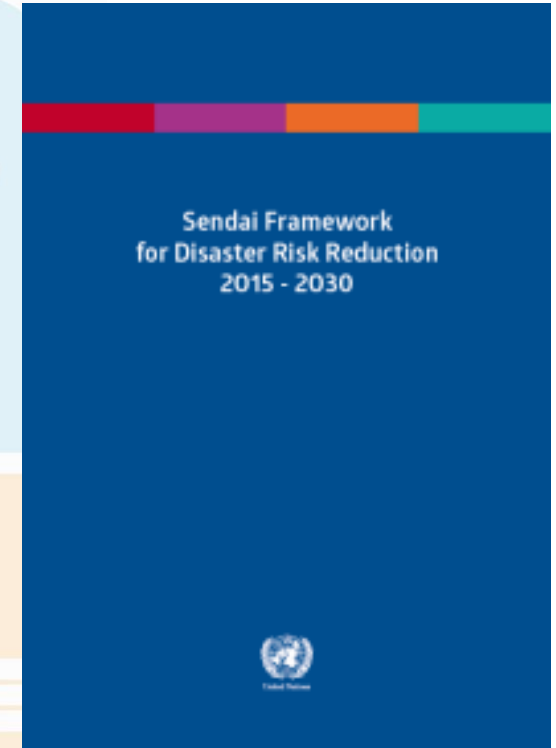

→ before: Hyogo Framework for Action (2005-2015)

- On EU-level: **Action Plan on the Sendai Framework for Disaster Risk Reduction 2015-2030**

- June 2016

European Commission

What is it about?

Scope and purpose

→ It aims to guide the multi-hazard management of disaster risk in development at all levels as well as within and across all sectors

Goal

Prevent new and reduce existing disaster risk through the implementation of integrated and inclusive economic, structural, legal, social, health, cultural, educational, environmental, technological, political and institutional **measures that prevent and reduce hazard exposure and vulnerability to disaster**, increase preparedness for response and recovery, and thus strengthen resilience

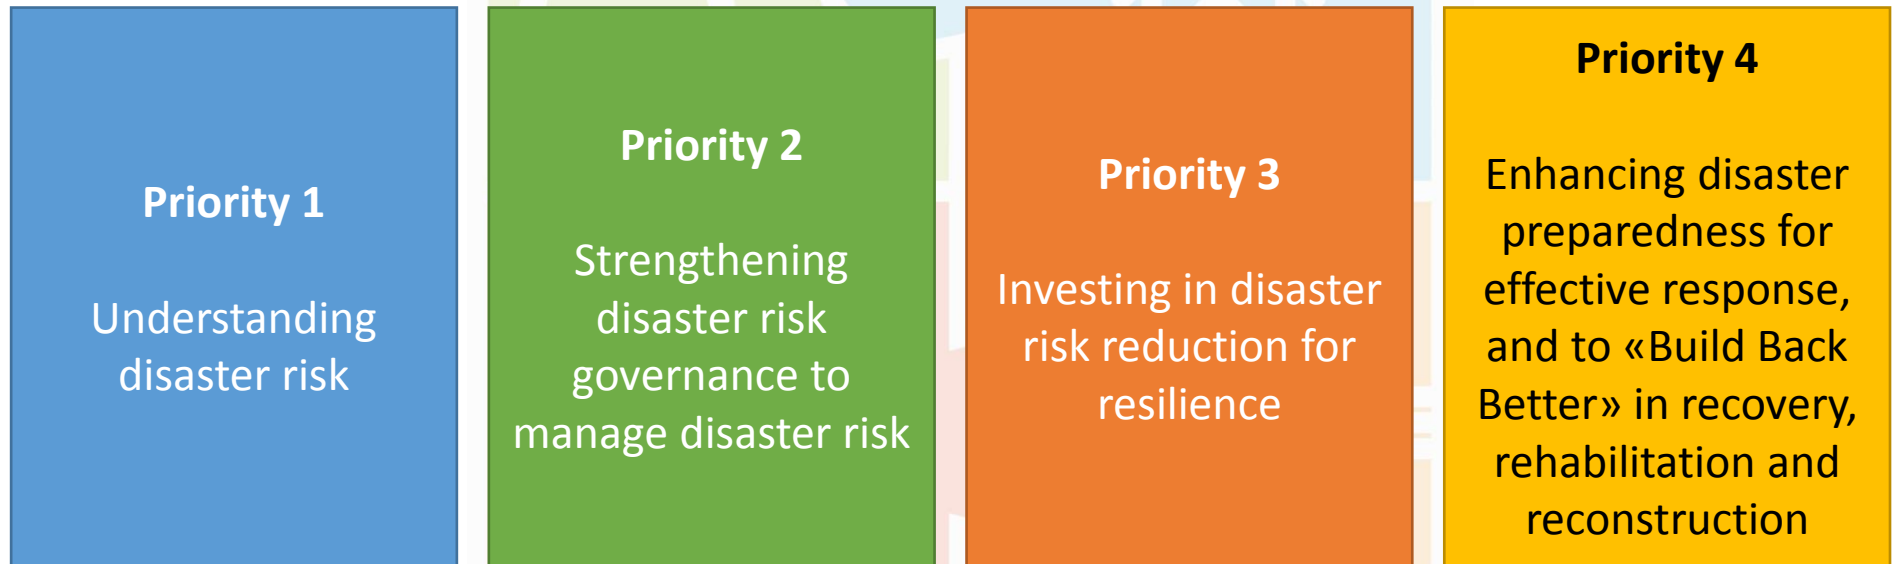

Targets

- (1) Substantially **reduce global disaster mortality** by 2030, aiming to lower the average per 100,000 global mortality rate in the decade 2020–2030 compared to the period 2005–2015;
- (2) Substantially **reduce the number of affected people** globally by 2030, aiming to lower the average global figure per 100,000 in the decade 2020–2030 compared to the period 2005–2015;
- (3) Reduce **direct disaster economic loss** in relation to global gross domestic product (GDP) by 2030;
- (4) Substantially **reduce disaster damage to critical infrastructure** and disruption of basic services, among them health and educational facilities, including through developing their resilience by 2030;
- (5) Substantially increase the number of countries with **national and local disaster risk reduction strategies** by 2020;
- (6) Substantially **enhance international cooperation to developing countries** through adequate and sustainable support to complement their national actions for implementation of the present Framework by 2030;
- (7) Substantially increase the **availability of and access to multi-hazard early warning systems and disaster risk information** and assessments to people by 2030.

Priorities for Action

There is a need for focused action within and across sectors by States at local, national, regional and global levels in the following four priority areas

Humanitarian Aid
and Civil Protection

Accordance NET RISK WORK - Targets

- (1) Substantially **reduce global disaster mortality** by 2030, aiming to lower the average per 100,000 global mortality rate in the decade 2020–2030 compared to the period 2005–2015;
- (2) Substantially **reduce the number of affected people** globally by 2030, aiming to lower the average global figure per 100,000 in the decade 2020–2030 compared to the period 2005–2015;
- (3) Reduce **direct disaster economic loss** in relation to global gross domestic product (GDP) by 2030;
- (4) Substantially **reduce disaster damage to critical infrastructure** and disruption of basic services, among them health and educational facilities, including through developing their resilience by 2030;
- (5) Substantially increase the number of countries with **national and local disaster risk reduction strategies** by 2020;
- (6) Substantially **enhance international cooperation to developing countries** through adequate and sustainable support to complement their national actions for implementation of the present Framework by 2030;
- (7) Substantially increase the **availability of and access to multi-hazard early warning systems and disaster risk information** and assessments to people by 2030.

Accordance NET RISK WORK - Priorities

Priority 1:

Understanding risk in all its dimensions

Priority 2:

Collaboration and partnership

Priority 3:

Public and private investment in disaster risk prevention and reduction

Priority 4:

Ensure capacities are in place for effective response and recovery at all levels

Priority 1
Understanding
disaster risk

Priority 2
Strengthening
disaster risk
governance to
manage disaster risk

Priority 3
Investing in disaster
risk reduction for
resilience

Priority 4
Enhancing disaster
preparedness for
effective response,
and to «Build Back
Better» in recovery,
rehabilitation and
reconstruction

Contribution - NET RISK WORK

- Mentioning topic-related targets and priorities in our publications?
- Emphasizing one priority?
- Adopting the language?
