

GEOTEST AG

RiskPlatform

An information exchange platform for experts and practitioners

- Independent public limited company
 - We employ 140 staff and are present in all parts of Switzerland.
 - We operate internationally and have a branch office in Santiago de Chile.
 - Over 50 years of experience
-
- Geology / Natural Hazards
 - Environment
 - Geotechnics
 - Geophysics
 - Geoinformatics
 - Measuring and Monitoring
 - Field and Laboratory Testing

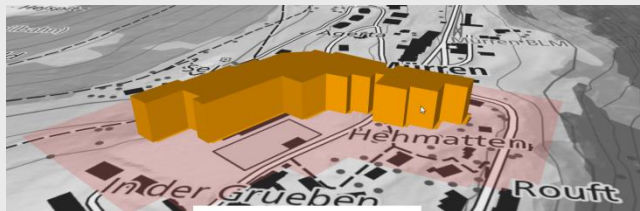

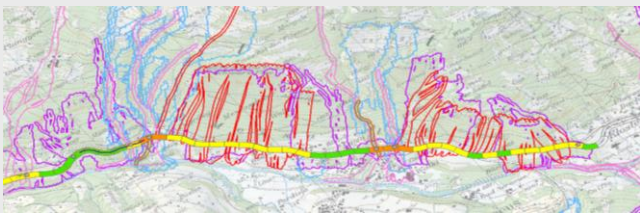

- Desktop - GIS

- Software Development

- Web - GIS

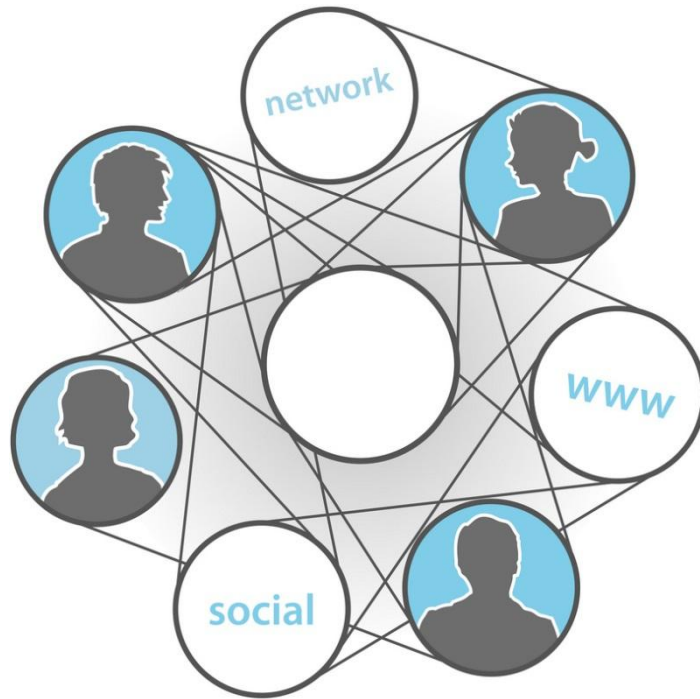

- Modelling natural hazard processes

Why another platform?

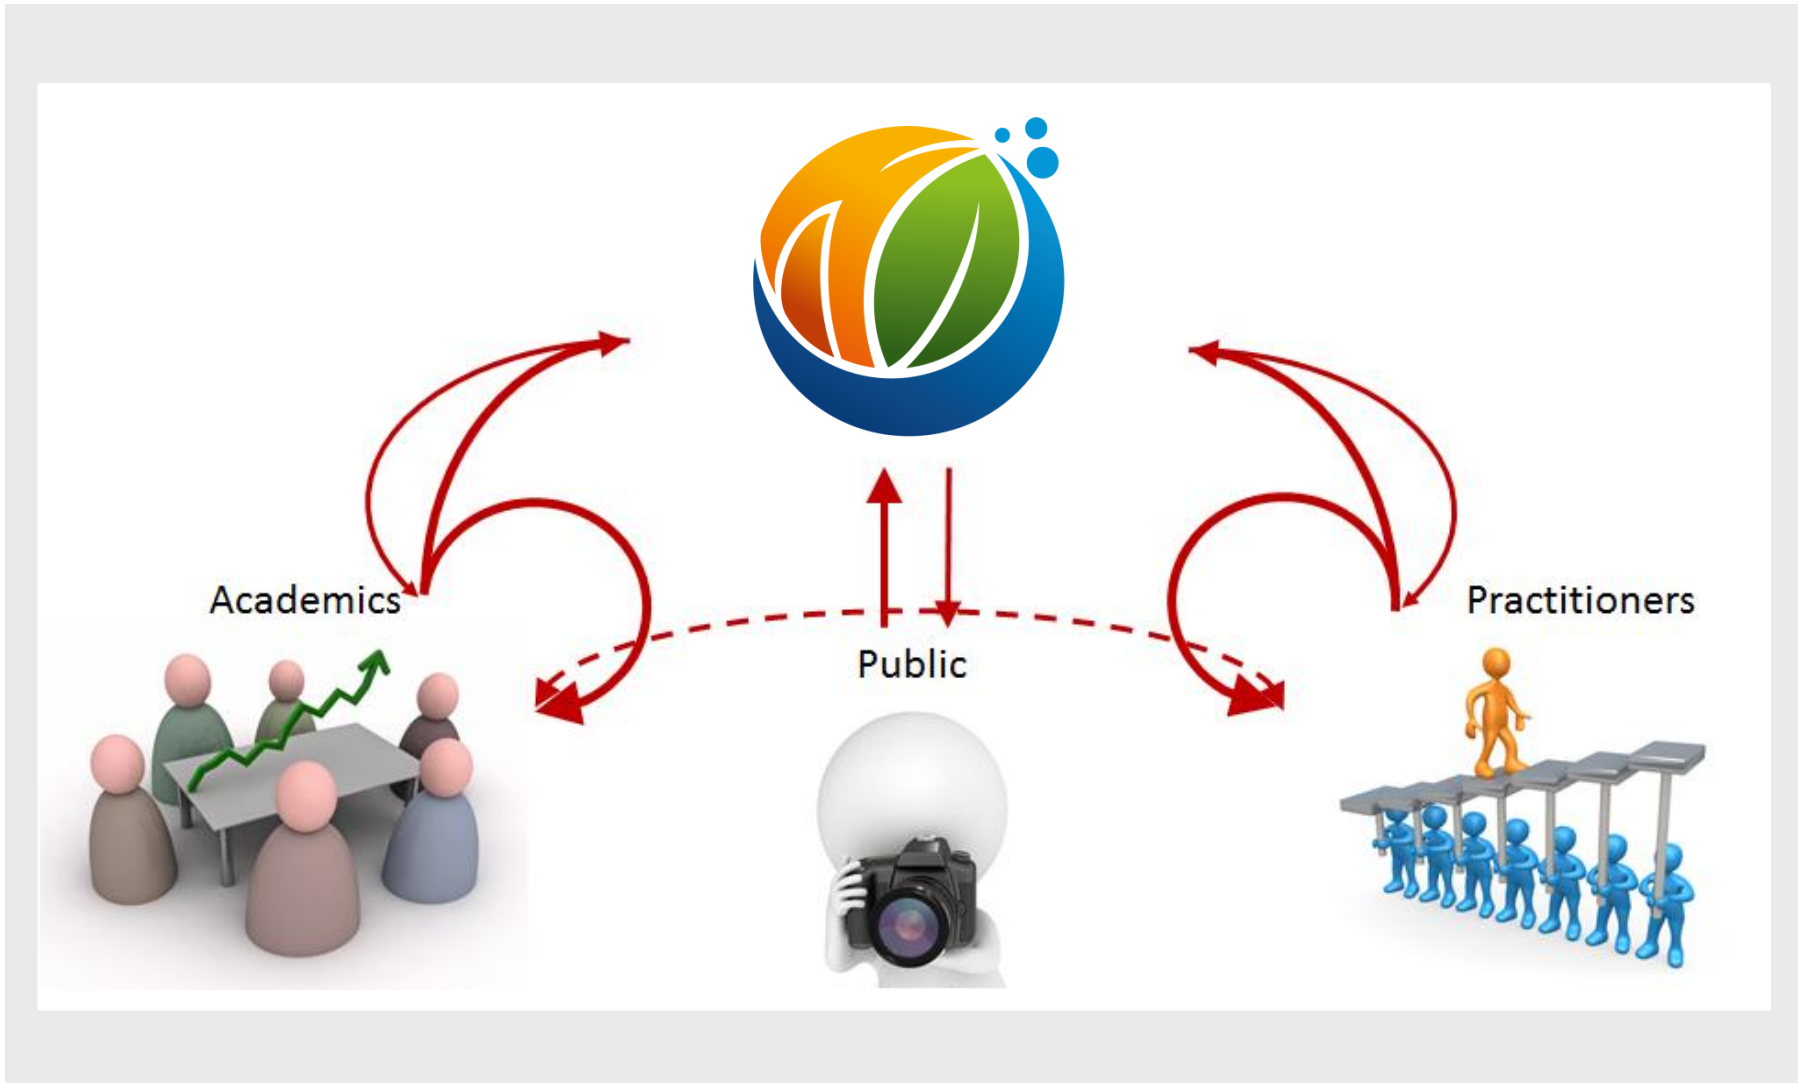

The same network on social media

What we need

=  **RISKPlatform**

A social media platform / sharing platform

Share your

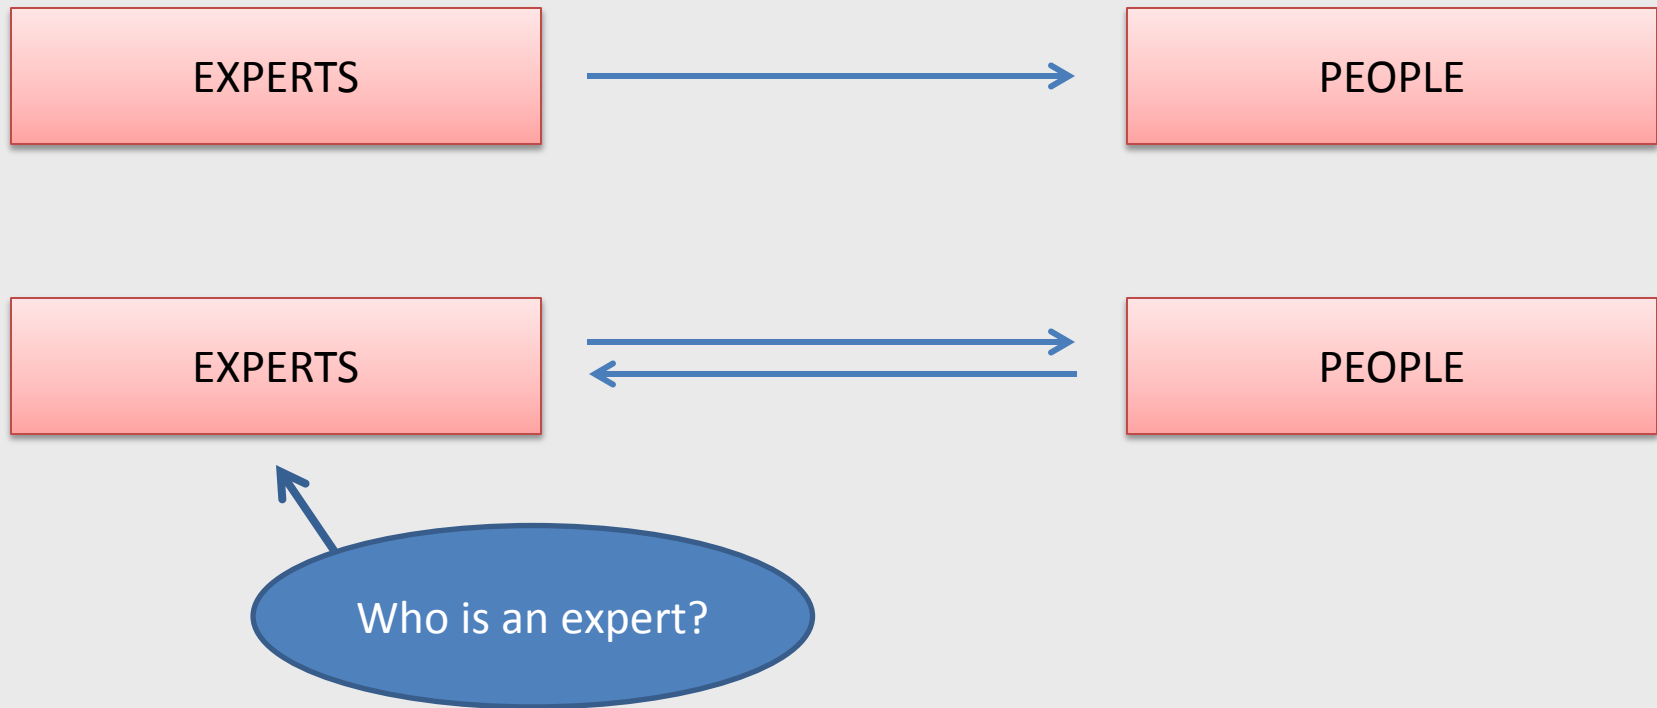

- «use cases»: e.g. your topic, a special event
- Documents: e.g. publications, presentations
- Observations, minds, feelings (from the field)
- Experience

Get

- Important information from experts and practitioners
- Expand your network with interacting in other «use cases»

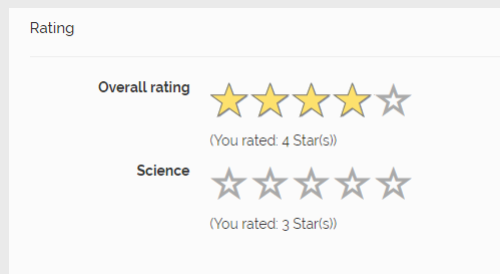

What's the problem?

The art of communication

Who is an expert?

- Users can rate other users, comments, documents, ...
- A user with a high rating (= expert) has bigger influence with his rating than others
- Observations with high rating are more important and will be showed on top

- First prototype is online (<http://www.riskplatform.org>)
- Next steps:
 - Integrate other Ideas (Lessons on fire, WebGIS)
 - **Fill it with content**
 - Bug fixing / Add new functions
 - Integrate automatic translation

The screenshot displays the RISKPlatform dashboard for user Christoph Suter. The interface is organized into several sections:

- Header:** Includes the RISKPlatform logo, navigation menus for 'Dashboard' and 'Connections', a search bar, and the user's name 'Christoph Suter' with a profile picture.
- User Profile (Left):** Features a profile picture of Christoph Suter, his name, and details: 'Works at GEOTEST AG', 'HEAD OF GEOINFORMATICS', 'FROM / LIVES IN Zimmerwald', and 'EMAIL ADDRESS hallo@stumpi.ch'. It also shows 'YOU HAVE 9 CONNECTION(S)' with a grid of connection icons and an 'OVERALL RATING' of 5 stars.
- Activity Feed (Center):** A vertical list of recent actions, each with a user profile picture, a description, and a star rating:
 - Connected with HANSPETER MUSTERMANN (3 months ago, 5 stars).
 - FRANK KRUMM edited Use Case DOUGLAS FIR GERMANY (3 months ago, 5 stars).
 - FRANK KRUMM created a new Use Case DOUGLAS FIR GERMANY (3 months ago, 5 stars).
 - Blank activity entry (6 months ago).
 - PETER KRADOLFER added a new Tag to his knowledge: 'Prescribed Burning' (6 months ago, 5 stars).
 - PETER KRADOLFER added a new Tag to his knowledge: 'PostgreSQL' (6 months ago).
 - PETER KRADOLFER added a new Tag to his knowledge: 'Database' (6 months ago).
- My Keywords (Right):** A section with a settings gear icon and an 'Edit my Keywords' button. It lists 'Computer Science', 'Ecology', 'PostgreSQL', and 'Programming Languages' in a tag-like format.
- My Use Cases (Right):** A section with a settings gear icon and a 'View all Case Studies' button. It lists 'Expert Database', 'Ein kleiner Test', 'Test3', and 'Exchange of Experts Programme - learning by sharing and exchanging knowledge and experiences', each with a 'View' button and a dropdown arrow.
- Proposed Experts (Right):** A section with a settings gear icon and a 'Database' tag.

The screenshot shows a web browser displaying the RISKPlatform website. The browser's address bar shows the URL: www.riskplatform.org/UseCase/Details/66046a1-dc8d-4289-9f75-0be0b28096cd. The website header includes the RISKPlatform logo, a navigation menu, and a user profile for Christoph Suter. The main content area is titled "Use Case: Exchange of Experts Programme - learning by sharing and exchanging knowledge and experiences".

Exchange of Experts Programme - learning by sharing and exchanging knowledge and experiences

FRISK-GO project initiated and supported Exchanges of Experts (EoE) as show case service. EoE was conducted exemplary by Catalanian and Norwegian fire services 2015. Detailed reports available. Could your organisation benefit from such a programme?

Overview

As a show case the FRISK-GO project initiated and supported Exchanges of Experts (EoE). The exchange programme was embraced and conducted exemplary by the Catalanian and Norwegian fire services. Exchanges took place both to Norway and Catalonia during 2015. The trips were financially supported by the EU exchange of experts' programme. Detailed reports were produced for both exchanges. A number of follow up actions were initiated jointly with FRISK-GO. Could you see your organization benefiting from such a programme, why and how?

See EoE reports for more details:

The screenshot displays the RiskPlatform web interface. The browser address bar shows the URL: www.riskplatform.org/UseCase/FileManager/e4456421-65e3-4aa1-9622-0c370d0d37ab. The page header includes the RiskPlatform logo, navigation tabs for 'Dashboard' and 'Connections', a search bar, and the user profile 'Christoph Suter'.

The main content area is divided into several sections:

- Expert Database:** A section with the title 'Expert Database is cool' and an overall rating of 5 stars.
- Files for Expert Database:** A table listing files with columns for Title, Description, Author, Rating, and Action.
- Upload new Files:** A dashed box area with the text 'Drop files here to upload'.
- Tools:** A list of navigation options including 'Overview' and 'FileManager'.
- BEST RATED UPLOADS:** A list of top-rated files, including 'Balmhorn und Altels' and 'Riskplatform Flyer'.
- UPLOADED FILES:** A section showing 2 uploaded files.
- PARTICIPANTS:** A section for viewing participants.
- COMMENTS:** A section for viewing comments.

The footer of the page contains the text 'Risk Platform' on the left and 'Concept and Development by & EFI Copyrighted © 2016. All rights reserved.' on the right.
